

For the HOST - GUEST ROOM POLICY

Check Out Time: 11am

Check In Time: 3pm

Quiet Hours: 8pm - 6am

*Each unit may reserve a guest room for a total of 3 weeks per year. Reserving 2 or 3 rooms at a time counts as 2 or 3 days off the allotment. Should a host request more than their allotment, the guest room coordinators may reserve a room (if rooms are available) with the proviso that should someone who has not used their allotment needs the room, they will have priority. An asterisk * will be next to the name of a host who is over the allotment on the reservation calendar so that community members will know if a reserved room could be made available.

*To offset expenses of maintaining guest rooms, there is a suggested donation of \$15/\$30 a night. Checks should be made payable to: Stone Curve COA. Keys and donations should be returned to Crystal Zevon (V2-100) (~~V2-101~~) or Debbie Chastin (V2).#101

*Stone Curves Common House and Guest Rooms are smoke free areas.

*Pets are not permitted inside any Common House Rooms unless they are certified service animals.

*No food or drink (other than water) are allowed in Guest Rooms as they attract pests.

*Cleaning: Host families are responsible for cleaning ALL guest room areas. (See cleaning checklist included in packet and folders in rooms).

*2 weeks is the maximum guest room visit. As always, arrangements must be made with the guest room coordinators.

Guests should advise their host of any damage, replace needs or concerns, and hosts should then advise Crystal or Debbie.
