

## **FINANCIAL STATEMENTS and the BUDGET**

The current financials (balance sheet, income statement, check register, bank reconciliations, general ledger) for the current year and the most recent 4 years, are available in hard copy in the Common House office in the binders labeled by year. ex. 2022 Financials. If you would like an electronic copy of a financial report, the Treasurer will provide that to you. Please email her at [penandjim3311@gmail.com](mailto:penandjim3311@gmail.com)

Financials from the prior 4 years are also available in the Common House office.

The Finance & Legal Team is responsible for setting the annual budget. In October, Team point persons, and other concerned members, submit funding requests to the Finance & Legal Team (President, Vice President, Secretary and Treasurer of Stone Curves) outlining what he or she thinks should be funded and at what amounts. Working with a draft budget, interested community members then meet with the members of the Finance & Legal Team. Over these meetings, held usually in October/ November, the participants work through budget revisions after which the Finance & Legal Team approves a final budget for the next calendar year.
